Welcome to the level checker

The diagnostic tool to help you discover your Welsh language level.

- There are four areas, these are Listening, Speaking, Reading and Writing
- Each area takes between 20 and 45 minutes to complete, and 2 hours in total
- You receive results for each test and an overall result of your average level
- You can take the test once every 3 months to see if your level has improved
- You must have a user name and your employee code to access the level checker

Begin

Your current average level is: **Canolradd**

Your results suggest that you can:

- Understand the main points when someone talks about everyday topics, e.g. in a conversation, or at a meeting
- Hold an extended conversation with a fluent speaker about a familiar topic that involves everyday life, e.g. interests, travel, or work-related subjects.
- Describe experiences and events, hopes and ambitions, and give brief explanations and reasons for your views and plans.
- Understand direct articles or emails for everyday topics or work related topics.
- Write a letter / email on most subjects, ask for things, give information, invite someone or organise an event.
