Dear parent/carer,

The following booklet has been produced every year since the introduction of the unitary authority in 1996 which makes this the 24<sup>th</sup> edition. The booklet contains everything you need to know about our education services and institutions, from pre-school to further education. It also includes information about our arrangements for Welsh Medium and Church Schools.

The Local Authority itself and all schools in its remit are facing close scrutiny and strong challenge from ESTYN, the Inspectorate of schools in Wales as well as the Welsh Government. The results of school inspections have shown signs of improvement over the last 12 months, and the council itself has strengthened its position. That said we are all acutely aware of the scope for further improvement and continue to work very closely with the South East Wales Education Achievement Service in order to support and improve teaching and learning in all our schools. As always, our children deserve no less than the best that can be offered and I ask for your support to help our schools and your children achieve the possible outcomes.

Best wishes

David Yeowell

# Safeguarding and Child Protection

Safeguarding is the action that is taken to promote the welfare of children, young people and adults at risk to protect them from harm and ensure they receive safe and effective care to enable them to have optimum life chances. Child Protection is a part of safeguarding and refers to the activity which is undertaken to protect specific children who are suffering or are at risk of suffering significant harm as a result of abuse or neglect.

Everyone within the Education Service and schools share an objective to help keep children, young people and adults at risk safe. We accept and recognise our responsibilities to develop awareness of the issues which cause children, young people and adults at risk harm and to continuously develop and review our practice by:

- Making safeguarding our key priority
- Adopting guidelines which provide clear procedures for all staff
- Sharing Information about child protection and safeguarding with children. Parents and carers, staff and volunteers
- Promptly sharing information about concerns with agencies which need to know, and involving parents and children appropriately
- Following the procedures for safe recruitment and selection of staff
- Updating our safeguarding training at regular intervals
- Providing effective management for staff and volunteers through supervision, support and training
- Constantly monitoring and reviewing our policy and practice and sharing good practice at regular intervals

Head teachers are required to refer any concerns to the social care and housing service so that children, young people and adults at risk are identified quickly. If you would like any further information about this process please contact the social care and housing service. Tel no 014957 762200, or Jacqueline Watkins, Tel no 01495 766912.

## Looked After Children

The term 'Looked After' refers to children who have been provided with care and accommodation by the Local Authority. This is either led by virtue of a Court Order or young people who are 'accommodated' by the Local Authority on a voluntary basis at the request of, or by agreement with their parents. We refer to these children as 'in care'.

'In Care' means that a court has made the child/young person the subject of a full Interim Court Order, this status provides the Local Authority with parental responsibility and (some) authority to limit the parents exercise of their continuing parental responsibility.

'Section 20 accommodation' is a voluntary agreement by which the Local Authority does not gain parental responsibility and no notice is required for the removal of the child/young person.

The aim is to ensure the health and safety of Looked After Children who often came from families who have experienced extreme hardship and upheaval, whilst working as closely as possible with the birth parents.

Any disruption to home life often means Looked After Children do not achieve their academic potential. Children's Services work alongside education to ensure the educational needs of each child are met.

## Child In Need

A child in need is a young person who is receiving a service from Social Care and Housing. This may involve Social Care and Housing providing children and their carers with advice, guidance or information about statutory or non-statutory services, to enable the child's full potential to be maximised.

Many children/young people move in and out of care or accommodation (see looked after children), some may be on the child protection register and some may be on the disability register. All these children/young people will need an

assessment of their needs by one or more support agencies (Education, Health, Social Care and Housing, Voluntary Services). All these children/young people would be known as Children in Need.

For further information on the above, please contact through individual school key workers and education welfare officers.

## Early years and pre-school

Through either the medium of Welsh or English, Flying Start, Childcare and free school breakfast initiatives are just some examples of how we are helping your child get off to a good start in their learning.

Choosing the correct childcare for your child is one of the most important decisions you can make as a parent. Our Family Information Service gives you contact details to help you find registered childcare and services within your area:-

## What will your child learn at school?

Once your child is at school you will probably want to know what they will be learning. The school curriculum is flexible, catering to the needs of the child and the school. Each school will teach slightly different things in different ways. Schools must cover a core curriculum, and we have a number of initiatives to enrich and improve school life.

## Phases of education

Your child's formal education may begin at the age of three. From this point until leaving school they will follow the revised curriculum for Wales: a planned route of learning designed for all children.

Between three and seven the Foundation Phase will be the core of your child's learning. This focuses on the ability of your child and not their age. It involves learning through play in safe but stimulating environments.

The Foundation Phase is based on the principle that early years' provision should offer a sound foundation for future learning through a developmentally appropriate curriculum; it brings more consistency and continuity to children's education at such an all-important period in their development.

The Foundation Phase places great emphasis on children learning by doing. Young children will be given more opportunities to gain first hand experiences through play and active involvement rather than by completing exercises in books. They will be given time to develop their speaking and listening skills and to become confident in their reading and writing abilities.

Mathematics will be more practical so that children can see how problems are solved and how important mathematics is in their everyday lives. There will be more emphasis on children understanding how things work and on finding different ways to solve problems.

A series of guidance documents have been developed to support the implementation of the Foundation Phase, available from the Welsh Government website <https://gov.wales/topics/educationandskills/foundation-phase/?lang=en>

Until the end of primary school, between 7 and 11, what your child learns is determined by Key Stage 2 of the curriculum.

From 11 years old until 14, while in secondary education, Key Stage 3 will be taught to your child. This involves mandatory subjects including English, Welsh and mathematics.

At the age of 14 your child will need to decide what they want to study. There are a variety of options including GCSEs, the Welsh Baccalaureate and vocational courses. These are taught alongside core subjects.

## Post-compulsory education

Your child will finish with their compulsory education at 16 years of age.

Learning does not need to end at this point and there are many different options available. These may be class-based or work-orientated and cover a wide variety of subjects.

These courses are run by different types of organisations such as schools, colleges of further education, and work based learning training providers. With such a lot of choice it is important to make sure your child goes to the most appropriate education provider.

After taking part in further education, your child may be interested in higher education. This does not just mean a degree, but might instead be a diploma or certificate of higher education. As with other post 16 learning, the choices and opportunities are diverse and give them the chance to study something that really interests them.

# Applying for a nursery place

When should my child start nursery, reception and secondary school?

## Nursery

Your child can start nursery at the start of the school year in which he/she will be 4 years old. Sometimes it is possible to start the term following their 3<sup>rd</sup> birthday if there is a place available. **January admission** - pupils must be born between 1 September - 31 December

**April admission** - Pupils must be born between 1 January - 31 March

**September admissions** - pupils must be born between 1 April - 31 August.

For information on place availability please contact Kath Worwood, details as listed on page 8. Places are allocated to maintained nursery settings by the Local Authority.

**The placement of your child in a nursery unit attached to a school does not guarantee a reception place in that school and a fresh application will need to be completed. Please see 'Reception' below.**

## How do I apply?

When you receive an application form you must complete and return this to your chosen nursery, along with proof of your child's date of birth and address, by the closing date. (Medical cards, birth certificates and recent council tax bills are accepted – originals only). The nursery will submit all completed forms to the Local Authority for allocation. (Details of Nursery provision can be found on pages 89-98)

Most parents/carers will receive an application form by post early in September which must be completed and returned to the nursery school/unit **by the closing date which is Friday 4 October 2019**. If parents/carers do not receive a form, one must be obtained from the nursery school/unit or by contacting Kath Worwood on 01495 766915 or email [kath.worwood@torfaen.co.uk](mailto:kath.worwood@torfaen.co.uk) and ensure it is returned by the closing date. Parents will be notified of the outcome of their application via the Local Authority by the 22 November 2019 for September 2020 allocations and January 2020 rising 3 allocations and Friday 31 January 2020 for April 2020 rising 3 allocations. Parents/carers choosing a private or voluntary setting should take the application form to the setting of their choice, who will apply for the funding on their behalf.

# Applying for a school place

## Primary (Reception)

Your child will start Reception Class at the start of the school year, ie September, in which he/she will be 5 years old even though the law does not require a child to start school until the start of the term following their fifth birthday.

Please note that attendance at any primary school does not form part of the criteria for the relevant partner/secondary feeder school.

## How do I apply?

You should receive a letter by late November 2019 which will provide you with a unique identification number (UID) for your child. The letters are sent either directly to the child's home address (if the child is not currently attending a Local Authority nursery base) or via pupil post containing the pupils UID number to enable the application to be made online (where applicable) although all parents can apply on line. The UID can be used to apply online by following this link [www.torfaen.gov.uk/primaryadmissions](http://www.torfaen.gov.uk/primaryadmissions) which will take you through the admission application process. However, under certain circumstances the UID Number may not be required in order for an application to be completed for example, if your child does not currently attend a Torfaen Maintained Nursery Base. In such cases click on "NO UID" to be able to continue . You may be asked to provide proof of your child's date of birth and address or the Local Authority will take steps to check this information. If however, you would prefer to complete a paper copy please either download a copy from [www.torfaen.gov.uk](http://www.torfaen.gov.uk) or phone 01495 766915. If you complete a paper copy you must complete and return this to your chosen school along with proof of your child's date of birth and address by the closing date. (Medical cards, birth certificates and recent council tax bills are accepted – originals only).

It is your responsibility to ensure an application is submitted by the closing date. If you do not receive correspondence by the end of November 2019, you must contact the admissions authority in order to obtain the relevant form. Contact details are as above.

## Secondary

Your child will start secondary school at the start of the school year in which he/she will be 12 years of age. If you wish for your child to attend a school in the Newport area, you will need to contact them direct on 01633 656656 in order to obtain a form.

## How do I apply?

You should receive a letter from your child's primary school week commencing Monday 23 September 2019 which will provide you with a unique identification number (UID) for your child. The UID can be used to apply online by following this link [www.torfaen.gov.uk/secondaryadmissions](http://www.torfaen.gov.uk/secondaryadmissions) which will take you through the admission application process. However, under certain circumstances the UID Number may not be required in order for an application to be completed for example, if your child already attends a Torfaen Primary School. In such cases click on "NO UID" to be able to continue. If however, you would prefer to complete a paper copy please either download a copy from [www.torfaen.gov.uk](http://www.torfaen.gov.uk) or phone 01495 766915.

If you complete a paper copy you must complete and return this to your child's current primary school along with proof of your child's date of birth and address by the closing date. (Medical cards, birth certificates and recent council tax bills are accepted – originals only).

**It is your responsibility to ensure an application is submitted by the closing date. If you do not receive correspondence by Tuesday 1st October 2019, you must contact the admissions authority in order to obtain the relevant form. Contact details are as above.**

## Address Validations

- Parents/Carers are required to submit their Council Tax reference number on their child's Admission application form. The Local Authority will use this information to validate that the address submitted on the application form coincides with the information held on the Local Authority's Council Tax database.
- If the information provided by the parent/ carer does not coincide with the council tax database, a further check will be undertaken using the electoral register. If this does not verify the address, the Local Authority will contact the parent/carer.
- Any offer of a school place will be based upon the applicant being resident at the address declared on the application form, as at the published offer date. Any offer of a school place could be withdrawn if it is found that this is not the case.
- Parents/Carers who are in the process of moving property, which may impact upon the information held on the Local Authority's Council Tax database, will be required to notify the Local Authority at the time of application of the proposed move and submit evidence to validate their new address. Suitable evidence would be a copy of the exchange of contracts (for purchases) or long term tenancy agreement (for rental arrangements), which must be received prior to the published closing date in order to be considered as an "in time" application. Failure to notify the Local Authority that applicants will be moving to a new address prior to the published closing date, will result in the application being Determined as a "late application".
- Where the Local Authority accepts evidence to validate a property move and uses the new property for allocation purposes, any offer of a school place would be based on the applicant being resident at this property at the time of the child's entrance into the School. Any offer of a school place could be withdrawn if it is found that the applicant is not resident at the property at the time of child's entrance into the school.

## Shared residency

In the event that the residency of a child is shared between two parents, the address where the child concerned resides for the majority of the school week will be used for allocation purposes. This is the address that should be declared on the application. However, if the residency with both parents during the school week is equal, the address for where the child benefit is paid will be used for allocation purposes

## Who has parental responsibility for the child?

You should be aware that following changes made to the law about children by the Children Act 1989, which became law in October 1991, schools need to know who has “parental responsibility” for each child. This is to ensure that proper authority is given when the school needs parental permission. It will also make sure that persons with parental responsibility who do not live with a child can be provided with school reports and given an opportunity to take part in the child’s education. Further changes in the law took place in 2003.

- Mothers always have parental responsibility (unless a Court Order is in place that states she will no longer have the responsibility)
- Fathers who were married to the mother prior to 2003 have parental responsibility
- Fathers also have parental responsibility for a child if the child was born after 2003 and their name is on the child’s birth certificate
- Unmarried fathers, step-parents, relatives and other persons can obtain parental responsibility but they do not have it automatic.

Parents are asked to co-operate with school staff by providing the school with details of the persons with parental responsibility for a pupil. Any changes in the arrangements for parental responsibility or in the day to day care of the child should be notified to the school.

## Voluntary aided school

### How do I apply?

Governing Bodies of Voluntary Aided schools within Torfaen have responsibility for their own admission arrangements and application forms must be requested directly from the school and returned to the school of your choice. Please see pages 40-64 for information on the admission criteria.

## Special schools and resource bases

### How do I apply?

Wherever possible we seek to place children in mainstream settings. However, some children require provision beyond the resources of a mainstream school. Admission to special schools and resource bases which are attached to primary and secondary schools and which cater for children with Additional Learning Needs (ALN) is dealt with by special arrangement through the Local Authority. Particular advice is needed to help parents and pupils with admission appropriate to defined ALN. For any further information, please contact Tracy Tucker, telephone 01495 766998.

## Sixth form admission

### How do I apply?

Please note that from September 2020 English medium sixth form provision will be provided in the Torfaen Learning Zone (located in Cwmbran). This provision will be operated by Coleg Gwent on behalf of the council and applications should be made directly to the college.

Torfaen remains the admission Authority for all maintained schools within its area, including those schools with sixth forms. The remaining school in Torfaen offering sixth form education will be the Welsh Medium school, Ysgol Gyfun Gwynllyw. However, individual schools administer all processes and procedures relating to sixth form Admissions and if you wish your child to attend sixth form at this school, please contact the school direct.

## Late Applications

Any applications that are received after the respective closing date (Primary 13 January 2020) (secondary 11 November 2019) or applications that remain incomplete as at the closing date will be dealt with under late the application arrangements.

A change of preference received by the Local Authority after the published closing date will result in the application being determined as late.

Late applications which are received after the respective closing date but before the respective offer date will be considered and parents informed in the month following the offer day.

Further late applications will then be collated on a monthly basis based upon the month in which they are received. Places are allocated in line with the criteria and parents will be informed of the outcome of their applications within the month after receipt. The arrangements for late applications will continue up until the last week of August. After this date, any admissions received are then processed as an in year transfer of schools.

Please note that applications determined as being late may increase the possibility of not achieving a place at your preferred school (s). This is because all applications submitted with the necessary evidence prior to the closing date will receive priority over those received after the closing date.

# Arrangements for the admission of pupils to community and voluntary controlled Primary and Secondary schools

The admission of children to schools is controlled and administered by an 'Admissions Authority'. In the case of community and voluntary controlled schools, this is recognised as Torfaen County Borough Council (Local Authority). In the case of voluntary aided schools and foundation schools (church schools), the admissions authority is the governing body of the individual school.

The law requires the Local Authority to allow parents/carers the opportunity to express a preference for the school they would wish their child to attend. In the vast majority of cases, parents/carers are quite happy to choose their local school but it is legally necessary for that school to be named on an application form. Those who submit an application form ( to express a preference) will have priority over those who do not.

Following the closing date any change of circumstances notified to the Local Authority by the end of February (for primary) and by the end of December (for secondary) will be considered. Although most children will be admitted to a school with their own chronological age group, from time to time parents seek places outside their normal age group.

Please note that the Local Authority does not operate a policy to accelerate pupils (ie, gifted and talented children) into advanced year groups (those who have experienced problems or missed part of a year due to the child's ill health or earlier year groups) unless there are extenuating circumstances and clear reasons ascertainable for such decisions to be made. Due regard will also be given to an educational psychologist report where available.

In the case of a child born during the summer term, they are not legally required to attend school until the term following their fifth birthday. However, in such circumstances the Local Authority will continue to ensure that children continue to follow their chronological year group and therefore the child would be admitted in to Year 1 and not reception.

It is only in exceptional circumstances that the Local Authority will authorise the admission of a summer term birth in to a year group that is outside the normal year of entry. In Such circumstances, there will need to be a suitable evidence base (e.g report from an Educational psychologist) that suggests the chronological year group is not suitably able to meet the needs of the child concerned.

When applying, parents/carers may name more than one school in order of preference and the Local Authority will try to comply with at least one of the preferences.

The Local Authority (including the Governing Body of a voluntary aided school) may refuse to comply with parental preference for a period of two years following a second or subsequent exclusion. In such circumstances a parent is unable to appeal against the Local Authority decision.

All maintained schools must admit pupils up to its admission number (AN). The admission number is the number of pupils who should be admitted to a relevant age group if sufficient applications are received.

Where schools are oversubscribed children with a statement of ALN (Additional Learning Needs) naming a school will be admitted to that school before the oversubscription criteria are applied to all other applications.

Please note that legislation in relation to ALN is currently under review.

Where the number of applications exceeds the number of places available, the following over subscription criteria will be used to determine which applicants would be offered places in the following priority order:-

## Oversubscription Criteria

- **Priority 1:** Children with a statement of Special Educational Needs
- **Priority 2:** Children who are looked after or children who have been previously looked after
- **Priority 3:** Children on medical grounds which are supported by a medical consultant's report, obtained by the parents, specifying the medical advantage of the child attending the preferred school compared with the normal catchment school

**N.B. Reports from family doctors are not accepted for this purpose.**

- **Priority 4:** Children residing in the catchment area of their chosen school with siblings
- **Priority 5:** Children residing in the catchment area of their chosen school without siblings
- **Priority 6:** Children residing out of the catchment area of their chosen school with siblings

- **Priority 7:** Children residing out of the catchment area of their chosen school without siblings.

If children have older brothers or sisters at a school at the date of admission, they will be admitted in preference to those not having brothers or sisters at that school.

**N.B. Brothers and sisters, whether full, half, step, foster or adopted will be considered relevant where living together at the same address. This only applies when an older child will definitely be registered at the school when the younger one will be eligible to attend.**

**When applying to a comprehensive school parents should be aware that sixth form pupils are not taken into consideration under the siblings criteria.**

Where there is more than one such case, priority will be assessed on the basis of those children closest in age to the elder brothers or sisters already at the school at the date of admission

After taking account of the above categories where there is a 'tie break' situation, priority will be based on closeness to the school measured by nearest council recognised available walking route. The distance is measured from the point where the child's home meets the highway to the nearest available entrance of the school. Measurement will be undertaken by using a Digital Information Mapping System (Map Info Professional, owned by Pitney Bowes).

Finally, all admissions into any school are dealt with in accordance with the admissions policy of either the Local Authority or a school's admission policy and at no stage are pupils 'selected' or are interviews held to determine admission. Whilst residing within the catchment area for your preferred school forms an element of the oversubscription criteria it does not guarantee a placement on this basis. Addresses provided on an application form are checked and verified against the councils school Catchment areas.

## Legislation

This policy complies with the following legislation and statutory codes: The School Standards and Framework Act 1998, The School Admissions Code and The School Admission Appeals Code 2013.

It is important to note that Paragraph 3.45 of the School Admission Code 2013 states:

“Statutory limits on class sizes provide that when a single school teacher is present, and subject to certain limited expectations, infant classes (Reception, Year 1 and Year 2) may not contain more than 30 pupils”.

## General admissions information

- Where the Local Authority is unable to offer your child a place in your catchment school, free transport (see pages 108-110 for transport policy) will be provided (if requested) to the nearest school with an available place, subject to the distance criteria laid down in the Authority’s transport policy.
- Pupils with defined ALN will in the majority of cases be able to attend their catchment school. In exceptional circumstances, this may not be appropriate for the individual child and a placement in an alternative school would then be considered
- All applications received **by the closing date, Monday 13 January 2020 at 12 Noon (primary) and Monday 11 November 2019 at 12 Noon (secondary)**, will be considered together and if necessary, the over-subscription criteria will be applied.

## Appeals

In Torfaen we strive to work in partnership and ensure that all parents get their first preference of school for their children. If it is not possible to allocate a place for your child at the school of your choice we will tell you about your right of appeal. We do this because we always want to be fair and transparent. Should you wish to appeal, you may accept a place at an alternative school whilst the appeal is waiting to be heard and will not prejudice the outstanding appeal.

If you choose to appeal this will be to an Independent Appeal Panel and arrangements will be made for this to happen in May/June 2020. Further information about appeals can be obtained from Democratic Services, Civic Centre, Pontypool telephone 01495 766294. (This department will provide advice on who can accompany you at appeal and give advice on what written evidence may be submitted). Should you need to appeal it is important to note that the Local Authority allows parents 10 school days to submit an appeal and if this is not adhered to it is assumed that the right of appeal has failed to be accepted within the time limit and will not be heard.

### **Multiple birth children (eg twins / triplets)**

If when applying the oversubscription criteria the last child to be admitted is one of a multiple birth then the Local Authority will admit the other sibling(s).

### **Children of UK service personnel and other Crown Servants (including diplomats)**

Families of UK service personnel and other Crown Servants are subject to frequent movement within the UK and from abroad, often at relatively short notice. School places should be allocated to children and their families in advance of the approaching school year if accompanied by an official Ministry of Defence (MOD) or Foreign or Commonwealth Office (FCO) letter declaring a return date and confirmation of the new address wherever possible.

### **Waiting lists**

We also keep a waiting list for the admission round in September. We will place your child's name on the waiting list even if you choose another school or decide to take up your right of appeal. Your child's name will stay on the list until 30 September 2020. If a place becomes available during that time we will allocate places to children on the waiting list on the basis of our over subscription criteria and not based on the date the application was added to the schedule.

## Nursery education and other pre-school provision

Within Torfaen there is a range of settings available to Nursery aged children. These are Local Authority Nursery Units (known as maintained nurseries) attached to Primary Schools (currently including three Welsh Medium Schools at Ysgol Gymraeg Cwmbran, Ysgol Bryn Onnen in Pontypool and Ysgol Panteg in Griffithstown). There is a centre at Crownbridge Special School which caters for pupils with severe learning difficulties and Nursery Units at St. David's RC Primary School and Our Lady of the Angels RC Primary School to serve Roman Catholic children. Admissions into these schools are dealt with by the Governing Body of the schools. (An Integrated Children's Centre (ICC) is situated in Cwmbran on the Nant Celyn school site).

There are also non maintained early years settings registered to provide education for three and four year olds. Each Nursery School and Nursery Unit serves a specific catchment area. Parents may apply for their child to attend any Local Authority maintained Nursery School or Unit, but where there are more children wishing to attend than there are available places, priority will be given to the children living in the catchment area at the time of admission. Alternatively parents can choose to place their child in a voluntary or private sector early years setting that is a registered education provider.

It is the Local Authority's policy to admit children to its Nursery Schools and Units from the beginning of the term following a child's third birthday if places are available, please see the cut of dates below for the admission of 3 year olds.

**January admission** - pupils must be born between 1 September - 31 December

**April admission** - Pupils must be born between 1 January - 31 March

**September admissions** - pupils must be born between 1 April - 31 August.

Places are allocated on a part-time basis (morning or afternoon sessions only) for five days per week.

In certain limited circumstances, full-time placements can be offered to 4 year olds (see criteria below). There is no right of appeal against refusal of a nursery placement, however you may wish to choose an alternative nursery placement and should contact Kath Worwood on 01495 766915 for further information.

**Attendance at a nursery class within a primary school does not guarantee a place in the school's reception class and a fresh application will need to be made.**

If you choose for your child to attend a non maintained nursery which is registered as an education provider by the Local Authority the Local Authority will fund your child's placement on a part time basis (minimum of 10 educational hours over four or five days per week or 3 full days) (minimum of 7 hours per day). The level of funding will be comparable with that of a four year old in a maintained provision and this currently equates to £447 per term following a child's third birthday. Where a child attends a Private Day Nursery, parents will be responsible for any additional payments over and above the funding allocated by the Local Authority.

Priority admission to Local Authority provision may be granted in the following circumstances (subject to review):-

### **Full-time priority (for four year olds)**

- Children who are looked after or have previously been looked after
- Children recommended on specific medical or social grounds by appropriate agencies and children identified as having ALN at the time that the application for admission is made
- Children who are on the Child Protection Register

### **Criteria for awarding nursery places**

- Full-time priority pupils residing in catchment in order of date of birth
- Part-time pupils residing in catchment in order of date of birth
- Full-time priority pupils residing out of catchment in order of date of birth
- Part-time pupils residing out of catchment in order of date of birth
- Late applicants

Details of nursery provision can be obtained from Headteachers of the Primary Schools having Nursery Units. Schools with a Nursery Unit attached are indicated with an asterisk (✦) in the Schools' Directory, commencing on pages 89-98.

Details of voluntary and private providers can be obtained from leaders/managers of the playgroup and Private Nurseries. Details are on pages 84-85. Information is also available from the Family Information Service. See telephone number on page 30.

### Help with the Cost of Childcare

Torfaen Childcare Sufficiency Assessment 2017 found that some parents and carers didn't know if they were eligible for help with the cost of childcare.

Parent/Carers can access some funding towards the cost of childcare, however this is dependent on a number of eligibility criteria and the amount of help received can differ between families.

Parents/Carers may qualify for help towards the costs of childcare if the childcare they use is registered. The Care Inspectorate Wales (CIW) is responsible for the registration and regulation of childcare in Wales. Parent/Carers can check with the Family Information Service if their childcare provider is registered with CIW and they can request the registration number directly from their chosen provider.

Current funding available for parent/carers and proposed funding during 2019 includes;

- The Childcare Element of Working Tax Credit
- Childcare Vouchers
- Universal Credit
- Tax Free Childcare Scheme

## **The Childcare Element of Working Tax Credit**

The Childcare Element of Working Tax Credit is financial help towards the costs of childcare. This is paid to the person who is mainly responsible for caring for the child or children, alongside payments of Child Tax Credit and other elements of Working Tax Credit. The Childcare Element of Working Tax Credit is dependent on household income. However, amounts received may differ due to the number of children using childcare or if the child/ren has a disability.

If eligible, parent/carers could receive up to 70% of their childcare costs, however this can only be claimed if they are in receipt of Working Tax Credit.

There is a limit to the total amount available to eligible parents, this is as follows;

- £175 in costs per week for one child and £300 for two or more children. Any childcare costs that parent/carers pay in excess of these amounts are not used in the calculation.
- Therefore eligible parent/carers could claim £122.50 (70% of £175 for one child) or £210 (70% of £300 for two children) towards their childcare costs per week. Childcare costs exceeding this amount are payable by the parent/carer.

To find out if you are eligible for the Childcare Element of Working Tax Credit/ Universal Credit call the Tax Credits Helpline on 0345 300 3900

## Childcare Vouchers

Childcare Vouchers are a Government scheme that is offered through employers and allows working parent/carers to pay their childcare costs from a pre-tax salary.

Childcare vouchers are administered through a voucher company (commonly through a 'salary sacrifice' scheme), and could help parent/carers save up to £933.00 per year in tax and National Insurance contributions (based on a maximum available savings for a Basic rate taxpayer).

Childcare Vouchers are taken from a salary before Tax and National Insurance payments. The amount is exempt from Tax and National Insurance contributions up to a value of £55 per week. Employers save by not paying tax and national insurance on the same amount. If parent/carers are a higher rate tax-payer, the amount that is exempt may be lower. Please note that childcare paid for in childcare vouchers must be registered or approved.

Childcare Vouchers are no longer available to new applicants. However parent/carers who are continuing to use childcare vouchers can do so until their employer stops offering the scheme, and do not necessarily need to convert to Tax-Free Childcare.

## Tax-Free Childcare Scheme

Tax-Free Childcare is a Government initiative which is available to families with children under 12 (up to 17 years for children with a disability), if they meet the eligibility criteria.

Parent/carers who pay for registered childcare will be able to open an online account which they can pay into to cover the cost of registered childcare. For every 80p parent/carers put into the account, the Government will top up 20p. This potentially offers parent/ carers a maximum saving of £2,000 per year, per child (£4,000 for a child with a disability).

To qualify, parent/carers must be in work and earning at least £125.28 each per week. The income cap for applying for Tax-Free Childcare is currently based at £100,000. Self-employed parent/carers will also be able to make a claim into Tax-Free Childcare, which is not currently offered through childcare voucher schemes.

Payments into the account can also be made by other individuals such as family members or employers, allowing parent/carers the flexibility to save money into the account for times where childcare needs are greater. If parent/carers circumstances change, they can withdraw the money saved, minus the governments contributions. For more information visit <https://www.gov.uk/tax-free-childcare>

## Universal Credit

Universal Credit is available to new claimants and may help towards the cost of childcare for parent/carers who are in paid employment (if part of a couple, both parent /carers must be in paid employment) and use registered childcare.

Universal Credit may help families claim back 85 % of their childcare costs with a maximum claim of £646 for one child per month, or £1108 for two children (GOV.UK) if they are eligible for Universal Credit, however this will be based on an eligibility criteria and the amount awarded will be based on family circumstances.

Families will only be able to claim for one scheme to help with the cost of childcare.

To find out more about Childcare Vouchers, Tax Credits, Tax-Free Childcare and registered childcare, contact Torfaen Family Information Service on Freephone 0800 0196 330 or email [fis@torfaen.gov.uk](mailto:fis@torfaen.gov.uk)

## Childcare Offer

Torfaen is an Early Implementer Local Authority (EILA) of the Welsh Government's Childcare Offer. The Childcare Offer is available throughout the whole of Torfaen.

The Childcare Offer consists of 30 hours a week of funded early education and childcare for eligible working parents of 3 and 4 year olds, for up to 48 weeks of the year. The 30 hours will consist of a combination of the existing Foundation Phase Nursery (FPN) provision open to all 3 and 4 year olds and the additional funded childcare for eligible families.

## How many hours of childcare?

The offer is a maximum of 30 hours of combined education and childcare. The number of hours of childcare funded is calculated by using the current FPN provision within the local authority as a basis, so that no combined total exceeds 30 hours. Parents are not required to access their early education entitlement as a prerequisite to them accessing the childcare element of the offer, however, their entitlement will include these hours whether they access them or not.

## Who will deliver the Offer?

All registered childcare settings are able to deliver the offer. The offer cannot be taken in any setting or with any person that is not registered with CIW- Care Inspectorate Wales, (or Ofsted in England). Eligible parents will be allowed to take up their childcare in any registered childcare setting that suits their personal and family circumstance, whether inside or outside of county (including England), so long as the setting is a registered provider and has agreed to take part in the offer.

## When can families access the Offer?

The offer will begin from the term after a child's third birthday until they are offered a full time education place – aligning with the FPN provision. Parents can take up the childcare offer at any point during this time period, so long as they are eligible to do so. Parents should be able to access the offer from whichever point they wish during that term, providing their child was eligible from the beginning of that term, or earlier. This includes parents who move into an area or gain employment. Children will no longer be eligible to take-up the childcare offer from the point at which they are offered a full time education place by their local authority.

## Who can access the offer?

To access the childcare element of the offer parents and guardians must:

- Live in a designated area;
- Have an eligible child within the age range;
- Be employed or self-employed and permanently reside in Wales.
- Both parents must be working in a two parent family, or the sole parent in a lone parent family;
- Earn a weekly minimum equivalent of 16 hours at the national minimum wage (NMW) or national living wage (NLW) (around £111 and £115 a week at the current 21-24 NMW and NLW rate respectively).

Parents will need to prove they are working the equivalent of 16 hours a week at NMW / NLW, through their earnings. Some parents may work less than 16 hours, but earn above the equivalent and therefore could be eligible. Where parents have separated but do not share equal custody of the child, the parent with primary custody will be eligible to take up the offer (if they meet the eligibility criteria).

Where parents share equal custody one parent will need to be nominated as the lead parent for the offer.

Parents, guardians, step-parents and live-in partners will all need to meet the eligibility criteria in order for a child living within that household to be able to take up the Offer.

## Is there a limit to the number of settings the offer can be accessed in, in any given day?

The offer will allow children to access a maximum of two registered childcare setting in addition to their FPN setting in any given day. During the holiday period a child may therefore access a maximum of two registered settings under the offer.

## Are there limits to the days, the times of day and the amount of hours the offer can be accessed?

Parent can access the childcare element of the offer at any point they wish. However it is the responsibility of the parent to find childcare providers who can accommodate their requirements.

## Can parents accrue their hours?

No. Parents will be provided with a total of 30 hours a week of combined FPN provision and childcare with parents choosing how much of the 30 hours to take up. Any hours not used in a week will be lost.

## How will the offer work outside of term time?

The childcare offer will cover up to 48 weeks per year.

Foundation Phase Nursery Provision is available for up to 39 weeks per year, therefore eligible parents will be able to access 30 hours of childcare for the remaining 9 weeks of the year.

Eligible parents can access their 9 weeks of holiday provision whenever they chose. However it is the parent's responsibility to find a provider that offers the provision that best suits their needs.

For the purpose of the pilots parents will need to access their provision in week long blocks. Hours of childcare cannot be accrued across weeks.

## Exemption Period / Exceptions to Eligibility

Should a parent fall out of eligibility, a temporary exemption period of 8 weeks will be granted during which they will be able to continue to access the offer.

The only exceptions to both parents (in a two parent family) having to meet the earnings criteria is where:

- one parent is employed (and earning the equivalent of at least 16 hours at NLW or NMW per week) and one parent has substantial caring responsibilities based on specific benefits received for caring; or

- both parents are employed (and earning the equivalent of at least 16 hours at NLW or NMW per week) but one or both parents are temporarily away from the workplace on parental, maternity, paternity or adoption leave; or
- both parents are employed (and earning the equivalent of at least 16 hours at NLW or NMW per week) but one or both parents are temporarily away from the workplace on statutory sick pay;
- one parent is employed (and earning the equivalent of at least 16 hours at NLW or NMW per week) and one parent is disabled or incapacitated based on receipt of specific benefits;
- a parent is newly self-employed, and within the initial start-up period. Parents will need to register their business with HMRC and provide evidence that they are self-employed in order to qualify.

Kinship carers should be able to access the offer providing they meet the earnings criteria, live in a pilot area and are caring for a child who is the correct age to receive the offer. Kinship carers are family and friends who have taken responsibility for a child or step child who is not their own because:

- the child has no parents or has parents who are unable to care for the child;
- it is likely that the child would otherwise be looked after by a local authority because of concerns in relation to the child's welfare.

Welsh Government will work with the EILA's to learn and shape the final offer which will be rolled out across Wales from September 2020.

## Notes:

- a. In all of the above categories where a claim to baptism or dedication is made, written evidence must accompany the application form.
  
- b. In all of the above categories, sibling is to be understood by reference to the following definition: Children who have a sibling on roll at St. Alban's RC High School in the September the applicant would begin school. Priority will be by reference to the youngest sibling in the school, the youngest commanding the highest degree of priority. Any sibling connection must be stated on the application form. ## Appeals Procedure

Where a child is refused entry to school, the Governing Body will write to the parents giving full details of why the application was refused, in light of the published criteria.

Parents have the right of appeal against the decision to refuse an application. The intention to appeal must be forwarded in writing, within fourteen days of the receipt of the refusal letter, to the Clerk to the Governors, c/o the School. The appeal will be heard by an Independent Appeals Panel.

## Waiting List

A waiting list will be maintained until 30 September. If an additional place becomes available the governors will consider those on the waiting list on the basis of the published oversubscription criteria and not on the date the application was received.

Placing a child's name on the waiting list does not prevent parents from exercising their right to appeal against the decision not to offer a place.

## Late Applications

Any late applications will be considered by the Governors' Admissions Committee using the above criteria. If all places have been filled, parents will be offered the opportunity of placing their child's name on the waiting list. This does not prevent parents from exercising their right to appeal against the decision not to offer a place.

## How to apply?

Any parent may apply for his / her child to be admitted to the school. A form of application can be obtained from the School Office or downloaded from the school's website. All completed applications must be returned to the School Office and will be considered by reference to this policy by the Admissions Sub-Committee of the Governing Body.

**AS THE ARCHDIOCESE OF CARDIFF AND TORFAEN COUNTY BOROUGH COUNCIL HAVE SUBMITTED A PROPOSAL TO THE WELSH GOVERNMENT CONCERNING THE DEVELOPMENT OF A NEW 3 – 16 SCHOOL FOR THE AREA, THE PROPOSED STANDARD NUMBER OF 120 WILL REVERT TO THE CURRENT STANDARD NUMBER OF 145 IF THE WELSH GOVERNMENT DOES NOT SUPPORT THE PROPOSAL, OR IF THERE IS A DELAY TO THE PROPOSED OPENING DATE OF SEPTEMBER 2022.**

# Henllys Church in Wales Voluntary Aided School

## Admissions Policy and Procedures

The Governing Body of Henllys Church in Wales School welcomes applications from parents who wish for their children to be educated in an Anglican school.

The school caters for children with a home address which is in the catchment area defined as the Rectorial Benefice of Cwmbran. A map and further details on the area which is the Rectorial Benefice of Cwmbran is available at the school and is also sent out with the application form. (see Note 1).

## Legislation

This Policy complies with the following legislation and statutory codes: The School Standards and Framework Act 1998, The School Admissions Code (2009).

## Capacity

The capacity of the school is the number of pupil places it contains. The number is agreed with the Local Authority and calculated using the Welsh Government guidance 'Measuring the capacity of schools in Wales'. The capacity number of Henllys Church in Wales School is 210.

## Admission Number

The admission number (AN) is the maximum number that the school can admit in its Reception class. Pupils will not be refused a place until the Admission Number is reached. In the case of the Reception Class at Henllys Church in Wales Voluntary Aided School, this number is 30.

Responsibility for admission arrangements is delegated to a sub-committee of the school's Governing Body, known as an 'Admissions Committee'. The school works closely with the Local Authority to co-ordinate closing dates for receiving applications and sending offer letters across the Local Authority area.

## Application Process

The school will send out application forms, to those parents who have expressed an interest, in the November of the year prior to the Reception intake year. When prospective parents return the application forms to the school they will need to provide photocopies of the birth certificate and the Baptism Certificate if appropriate.

## Timetable

All applications received up to and on the closing date will be considered together. The closing date for receipt of application forms is at noon on the last Friday in January, and parents will be notified no later than 16 April 2020. The closing date to receive letters appealing against a decision not to offer a place is two weeks after the date notified.

Parents (see Note 2 for definition) will be given a stated period in which to accept an offer. If parents do not respond they will be asked to respond again and informed at that time that the place will be withdrawn if they do not respond.

## Late Applications

Applications received after the closing date will only be considered after all those received by the deadline have been considered. This means that, if no places are left after considering all the applications before the deadline, even if you fulfil a higher criterion than under which places have been offered to other applicants, you will be unsuccessful.

After this date, parents should make another application for their child to attend the school.

## Explanatory Notes

Note 1: The home address is the place the child spends the majority of the school week (Monday to Friday, including nights), at the time of application for a place at the school. The school reserves the right to check the validity of any address given, by asking for evidence such as inclusion on the Electoral Roll, or a recent utilities bill confirming your name and address.

Where a child's permanent address is not the same as the parents' (e.g. if he or she is resident with a grandparent) the school reserves the right to see official documentation, such as a child benefit book or medical card.

Childcare arrangements are not sufficient reason for listing another address.

If you are moving into the catchment area, we will ask you for evidence of your move, before considering any application for a place. Typical evidence is a letter from your solicitor confirming that you have a legally binding agreement to buy the house or a formal lease agreement.

Note 2: A parent is any person who has parental responsibility for, or is the legal guardian of, the child. If you are in any doubt, please contact the school for advice.

# Our Lady of the Angels RC Primary School

Our Lady of the Angels RC Primary School was founded by and is part of the Catholic Church. It is a Voluntary Aided school in the Diocese of Cardiff and is maintained by Torfaen Local Authority. It serves the Roman Catholic community of Our Lady's and St David's Parish. The Governing Body of Our Lady of the Angels RC Primary School is the Admissions authority for this school. The admission number is 23 in the Reception class/group in September 2020. This Admission number applies to all Foundation Phase groups.

The Governing Body will meet in the Spring Term 2020 to consider applications. Please make sure that all requests for admissions are submitted by 31 January 2020.

## Oversubscription Criteria and order of priority

Where the number of applicants for admission exceeds the Admission Number, places will be awarded to applicants in the under mentioned categories in the following order of priority.

### **In each category below:**

a) **Looked After Children/Previously Looked After Children will be given highest priority.**

b) **Siblings will be given second highest priority.**

Siblings are: Brothers and sisters, whether half, full, step or adopted or foster will be considered relevant where living in the same household and where an older child will still be registered at the school when the younger one would be eligible to attend.

c) **Twins/Multiple Births**

Where a family of twins or triplets request admission and if one sibling has been offered the last place the 'excepted pupil' rule comes in and the other twin/triplets are offered a place.

1. Children baptised into the Roman Catholic faith and reside in the parish of Our Lady and St David's Parish, Cwmbran
2. Other baptised Roman Catholic children
3. Children of other Christian denominations whose parents have demonstrated a wish for a Catholic education
4. Children of other Faith traditions whose parents have demonstrated a wish for a Catholic education
5. Children for whom application is made in special circumstances may be admitted at the Governors' discretion. Each application must be accompanied by a letter from the appropriate professional person. Please supply full details concerning applications. The Governors will treat all information as confidential. Special circumstances include medical and social reasons.
6. Any Other Children

Application from children who are to be considered under criteria (1) – (2) above are asked to provide evidence of Baptism or reception into the Roman Catholic Church

Applications from children to be considered under criteria (3) – (4) are asked to provide a letter of support from their Minister or Faith Leader. The supporting letter must show participation in the faith of which the minister/faith leader is giving advice.

For Christian applicants a Baptismal Certificate should be provided wherever possible.

## Notes:

1. Professional supporting evidence from e.g. a doctor, psychologist, social worker, is essential if admission is to be made under the criterion 'special circumstances'. Evidence must set out the particular reasons why the school in

question is the most suitable school and the difficulties which would be caused if the child had to attend another school.

2. After taking into account the above categories, priority will be based on the closeness to the school measured by nearest available walking route from the front school gate on Victoria Street. Measurement will be undertaken by the method used by using the shortest safest walking route measured using Torfaen's Digital Geographical Information Mapping System.

## Waiting List

Where we have more applications than places, the admissions criteria will be used. Children who are not admitted will have their name placed on a waiting list. The names on this waiting list will be in the order resulting from the application of the admissions criteria. Since the date of application cannot be a criterion for the order of names on the waiting list, late applicants for the school will be slotted into the order according to the extent to which they meet the criteria. Thus it is possible that a child who moves into the area later to have a higher priority than one who has been on the waiting list for some time. If a place becomes available within the admission number, the child whose name is at the top of the list will be offered a place. This is not dependent on whether an appeal has been submitted.

This waiting list will operate until the end of the school year for which the application was made.

Parents have a statutory right of appeal against the non-admission of a child to the school. This will be heard by an Independent Appeals Panel, in which the Governing Body and Headteacher play no role. Details of the appeals process will be made available to parents when they are notified of a refusal of a place (or if they request such information from the governing body).

- b. Practising Catholic parents are those that attend Sunday Mass weekly as confirmed in writing in the reference from their parish priest.

- d. In all of the above categories the Governing Body will give consideration to those children who have particular medical or social needs which determine the school being particularly suitable for an individual child. In such a case, strong and relevant evidence must be provided by an appropriate authority, e.g. qualified medical practitioner, education welfare officer, social worker or priest.

## **Waiting list**

Children who have not been offered a place at the school will be placed on a waiting list. The waiting list will be operated using the oversubscription criteria listed above. Placing a child's name on the waiting list does not guarantee that a place will become available. This does not prevent parents from exercising their right to appeal against the decision not to offer a place. Names will remain on the waiting list until September 30 in the school year in which they have applied.

## **Late applications**

Any late applications will be considered by the Governors' Admissions Committee, using the above criteria. If all places have been filled, parents will be offered the opportunity of placing their child's name on the waiting list. This does not prevent parents from exercising their right to appeal against the decision not to offer a place.

## **Applications Received Outside the Normal Admission Round**

A school application form must be completed – this will be considered by the Governors' Admissions Committee and parents will be notified of the decision to offer or refuse a place within 15 school days or 28 calendar days (whichever is the sooner).

# Additional Learning Needs

Torfaen Local Authority (LA) recognises that children and young people with Additional Learning Needs are not a readily defined or discrete group. Our aim is to create inclusive cultures and communities in and around our schools to maximise the educational opportunities of all Torfaen's pupils who are identified as having Additional Learning Needs (ALN). We want all children, parents and staff to feel equally valued. Breaking down barriers to children's learning and encourage their full participation in school life by offering all children an education, which is designed to enable them to be included, and participate fully, in the society to which they contribute and from which they benefit. The term Additional Learning Needs (ALN) has replaced Special Educational Needs (SEN). In September 2020 the Additional Learning Needs and Educational Tribunal Act 2018 comes into force. It is a statutory framework and refers to children and young people with learning, physical or sensory needs that make it significantly more difficult for them to learn than most children of the same age.

## ALN and the School

The majority of children with Additional Learning Needs are educated within mainstream schools. All children and young people learn in different ways and at different rates. In every class in every school there will be some pupils who progress at a slower rate than other children.

Provision for children and young people with Additional Learning Needs is a matter for the school as a whole: in addition to the governing body, the headteacher and the ALNCo, all the other members of staff have their roles and responsibilities in supporting young people. All maintained mainstream schools in Torfaen have an allocated ALN budget with which to plan support and provision for pupils attending their school. Each school has developed a provision map with the interventions and support they have developed to support pupils with ALN.

## What should I do if I am worried about my child?

As a parent you will know your child best. If you have any concerns about your child's learning or behaviour you should first talk things over with your child's class teacher, Additional Learning Needs Coordinator, Headteacher or early year's provider. It is very important that you discuss your worries with school. Quite a lot of children will struggle with their learning and behaviour at some point during their school life.

Torfaen LA believe that the best way to help your child is for everyone to work together using a personal centred approach. This approach puts the pupil at the heart and ensures that all relevant agencies work together to plan for the pupils. The LA believes that children and young people should feel confident that their views will be listened to and valued. Where possible children and young people will be encouraged to participate in all the decision making processes that occur in education.

School may talk with you about setting up an Individual Education Plan (IEP) or Individual Development Plan (IDP) which contains targets to help your child. Your child's school may also talk with you about accessing support from one of our central services like Educational Psychology or Outreach who can provide advice and guidance to support planning for a pupil in their school.

For pupils who have more severe and complex additional needs pupils may require a 'formal assessment' from which a statement of Special Educational Needs can be written. As a parent you can write to the Local Authority and ask for a 'formal assessment' for your child. The process involves a multiagency assessment of the pupil's educational needs over a 26 week period.

Torfaen have a service level agreement with SNAP Cymru who provide free and independent information, advice and support to help get the right education for children and young people with all kinds of special educational needs (SEN) and disabilities. They give advice and support on a range of issues including assessments, statements of special educational needs, bullying, school attendance, exclusion, health and social care provision and discrimination.

They can be contacted on 0808 801 0608 or on [enquiries@snapcymru.org](mailto:enquiries@snapcymru.org)

## Specialist Provision

A small number of children will have severe and complex additional and individual needs which cannot reasonably be met within the context of a mainstream school. The LA will provide specialist provisions to assess, meet and monitor the needs of these children.

Torfaen Local Authority have a continuum of specialist provision that includes Crownbridge Special School and Specialist Resource Bases attached to mainstream schools. Our resource bases and Special school have considerable expertise in working with pupils who have more complex needs. The Local Authority is responsible for the placement of pupils within resource bases and special schools via the ALN Specialist Placement panel. Schools can make referrals to specialist placement panel as part of their graduated response to meeting pupils needs.

## Additional Learning Needs Services

The Local Authority's Central Support Services also provide a wide range of peripatetic specialist services to meet particular additional learning needs. These aim to promote inclusion and supports school effectiveness. so that all Torfaen pupils, irrespective of their individual backgrounds, circumstances or difficulties are able to derive the maximum benefit from their learning.

## ALN Link Officers

Each school has a designated Link Officer who provides support, advice, guidance to school and outside agencies on processes and procedures relating to ALN (Additional Learning Needs). They work with parents/carers and all agencies involved with young people to promote inclusion and ensure pupils individual needs are met. They can offer advice and guidance on ALN, Exclusions, statutory assessment.

## Educational Psychology Service

Educational Psychologists work with children and young people in the age range 0-16 years or 19 years if they are still in education. In partnership with the children and young people, their parents/carers, Education Service staff, school staff and staff from other agencies, educational psychologists provide support where there is concern about a young person's educational, emotional or social development.

They undertake assessments, work directly with the young people and provide advice on the management of difficulties. They also provide training for those who work with children and young people. Each school has an allocation of Educational Psychology time from the service.

The team work on an outreach basis supporting pupils on a needs led basis in line with the Torfaen graduated response and ALN matrix of support. Many GRT young people will require outreach support at key points during their education. Outreach provision is essential in building trusting relationships with the GRT community, signposting and working in collaboration with other services and providers to ensure learners are fully included in their schools.

## **Specific Learning Difficulties Service**

The Autism Support Service aims to support children and families through exploring their current situation using a person centred approach. The service can serve as a bridge between the family and school ensuring that parents are partners in the education of their child. The Service comprises of three teams:

1) **ComIT (communication Intervention Team)**

ComIT (Communication Intervention Team) is a school based service set up by the five authorities of the South East Wales Consortium for children with Speech, Language and Communication Needs.

ComIT aims to meet the additional needs of children and young people aged 3-16 with a non- clinical diagnosis and primary need of Speech, Language and Communication when that need is severely impacting on the child's learning.

The Team consists of Head of Service, Assistant Head of Service, Advisory Teacher, Speech and Language Therapist and Specialist Teaching Assistants. Each authority has a named Lead Professional who liaises with the Team and identifies appropriate schools and pupils for ComIT Intervention.

The team can work individually or with groups of children by using thorough identification and support processes. A child is not required to hold a statement to access ComIT Intervention.

ComIT does not receive direct requests to work with children from individual schools or parents. These come to ComIT through the school SENCo/ALNCo to the Authority Lead Professional, which in Torfaen is Alyson Costa, Lead Educational Psychologist.

The Service provides:

- Support to pupils and schools through advice and information on aspects of Speech and Language
- Delivery of successful solutions, resources and strategies through individual and group work.
- Advice and information to parents on aspects of Speech, Language and Communication.

- Liaison and training with other professionals including Speech Therapy.
- Inset training for school staff to build capacity.

## 2) **Vision Impairment Service**

As part of the Sensory and Communication Support Service (SenCom), the Vision Impairment Service (VIS) is an Education Support Service that supports children and young people across the five authorities of the South East Wales Consortium. VIS aims to support the successful inclusion of children and young people with vision impairment (VI), multiple disabilities and vision impairment (MDVI) and those with multi-sensory impairment (MSI) in their local communities, nurseries, mainstream and special schools settings.

Pre-school intervention programmes are developed for the under threes and can be delivered either in group settings held at the SenCom Centre or within the home.

VIS provides a range of services including direct support, training and habilitation (independent living skills and mobility), in relation to individual needs. VIS uses a person centered approach to work closely in partnership with children and young people with VI/MSI, parents, schools, education/career services and health professionals to meet individual needs as identified through the assessment and consultation process.

Children and young people with multi-sensory impairment (MSI) have a combination of hearing and vision loss (dual sensory impairment). Advice and guidance is made available to parents and schools regarding beneficial strategies, establishing appropriate programmes and monitoring the development of communication.

A Habilitation Specialist provides training, direct support, intervention and advice in mobility, orientation and independent living skills for children and young people with vision/multi-sensory impairment, using information from assessments and reviews.

VIS welcomes enquiries and referrals from anyone with concerns regarding children and young people with a vision or multi-sensory impairment.

Following a request for an assessment of vision or multi-sensory functioning, one of our qualified teachers of vision (QTVI) or multi-sensory impairment (QTMSI) will assess the child/young person's needs. Next steps following the assessment, will depend on the outcomes of various observations made, including:

- Visual acuity (near and distance)
- Visual fields
- Colour vision
- Visual perception skills
- Habilitation
- The impact of vision and hearing
- impairment on communication (MSI referrals)

Short or long term intervention may be provided for children and young people with VI/MSI. The VIS will also offer advice, guidance and training to schools and families

### **3) Hearing- Impaired Support Service**

The Hearing Impaired Service (HIS) is an educational service for the 5 authorities of the South East Wales Consortium. The aim of the service is to assist all children and young people with an identified hearing loss, to achieve their maximum potential and to acquire the necessary skills for life.

The team is comprised of qualified Teachers of the Deaf and Specialist Teaching Assistants. The service provides specialist training and advice to schools and pre-school settings on communication skills, language development specialist audiological equipment and the effective inclusion of hearing impaired children, as well as guidance and support to families of children with a hearing impairment. Where appropriate, the Hearing Impaired Service also provide, on loan, assistive listening devices such as radio aids.

The vast majority of children are referred to the service by Health, however we are also able to give advice and signpost parents or professionals who have any concerns regarding a child or young person's hearing. After referral, contact is made with the school's Additional Learning Needs Co-ordinator to discuss the child or young person. A school visit may be arranged to assess the pupil and to gather further information.

If the child is of pre-school age, the visit and support may be provided in the family home. Following referral to the service, children and their families can attend the weekly pre-school group in Brecon House in Cwmbran which is an excellent opportunity to meet other families with hearing impaired children.

The Hearing Impaired Service use the National Sensory Impairment Partnership Eligibility Framework, a tool for Sensory Services which aims to guide decision-making when allocating support for individual children and young people. Service support is dynamic and encourages close links with home, school and other agencies. We aim to build capacity in schools in meeting pupils' needs and provide focused support in response to changing needs.

## **Schools Counselling Services**

Torfaen have a service level agreement to provide schools based counselling service for children and young people.

## **The Primary Service**

Young People from ages 7 to 11 can be referred to the Primary Service, and written parental consent is required before counselling can begin. Referrals can be arranged through the school or by contacting the service.

## The Secondary Service

For young people at secondary school, the School Counselling Service is available two days a week in each school. Young People can self refer, be referred by a member of staff, parents or by any adult who is concerned about them. Anyone referring to the secondary service must make sure that they have the consent of the young person.

The Service also offers an Out of Schools Service for 11 to 18 year olds on Tuesdays between 4pm-6pm at either the Cwmbran Centre for Young People, or at Pontypool Library.

For any information about the service, or to make a referral to the secondary or out of schools service, please contact us by ringing our confidential answer service on 01633 453035 or by emailing the Service Manager at [ceri.jones@ccyp.org.uk](mailto:ceri.jones@ccyp.org.uk) or primary coordinator [oliver.wilford@ccyp.org.uk](mailto:oliver.wilford@ccyp.org.uk)

## Outreach Service

Torfaen Outreach service provides support for young people within their schools and support for staff working with pupils. They work in a person centred way and offer a coordinated approach between local authority, schools, family and other agencies. Schools can make referrals for support to the weekly meeting. They provide support for anxiety management, Social skills, behaviour management, assessments, teaching and learning programmes and a variety of other interventions to support schools to develop planning and support for pupils.

## Pupil and Parental Involvement

Torfaen Local Authority work closely with parents/carers of pupils with ALN to ensure they provide their views during each stage of the ALN process. Parent's knowledge and information they can provide to the LA to support decision making is a vital part of the information we receive. Torfaen advocate that Pupil participation is an important element of the ALN process and pupils and supported to contribute their views whenever possible attend and participate in the meeting. Torfaen subscribe to the Children's participation Standards.

## Transport for pupils who attend Specialist Provisions

Many pupils with Additional Learning Needs (ALN) attend their 'nearest suitable mainstream school'. Torfaen's transport policy for students with ALN is the same as for all pupils who attend mainstream schools where transport is only provided to pupils who reside over the statutory walking distances from their nearest suitable school (2 miles for a primary school pupil and 3 miles for a secondary school for pupils in Years 7-11).

Pupils who have Additional learning needs will only be provided with transport from the ALN Team where:

- the pupil is ordinarily resident within Torfaen

And have been awarded a placement by the Local Authority specialist placement panel at:

- A Local Authority Special Needs Resource Base (Unless the pupil resides under the statutory walking distances from the school they have been awarded a placement)
- Crownbridge Special School
- Pupil Referral Until or Pont Fach Assessment Centre
- An Independent Special School named in the Statement of SEN

The transport will be provided to and from the pupil's home address to the school where the placement has been awarded. The Transport department will be notified of the placement award by the ALN team so transport can be put in place. All other transport queries and requests will go through the transport department. (Please see main transport section).

## Additional Learning Needs Transformation

The way in which children with additional learning needs are supported is being transformed. The Additional Needs and Education Tribunal Act 2018 will come into force in September 2020.

The existing SEN model was designed 30 years ago and a new, more modern, effective programme is taking its place.

Around 23 per cent of all learners at maintained schools in Wales have SEN. Overall the academic attainment of learners with SEN is poor compared to the rest of the learner population.

Under the new system, planning will be flexible and responsive, our professionals will be skilled and confident in identifying needs and deploying strategies to help learners overcome their barriers to learning, and the learner will be at the centre of everything we do.

The additional learning needs (ALN) transformation programme will transform the separate systems for special educational needs (SEN) in schools and learning difficulties and/or disabilities (LDD) in further education, to create a unified system for supporting learners from 0 to 25 with ALN. Transformed system will:

- ensure that all learners with ALN are supported to overcome barriers to learning and achieve their full potential
- improve the planning and delivery of support for learners from 0 to 25 with ALN, placing learners' needs, views, wishes and feelings at the heart of the process
- focus on the importance of identifying needs early and putting in place timely and effective interventions which are monitored and adapted to ensure they deliver the desired outcomes.

For more information, visit the Welsh Government's Additional Learning Needs Transformation Programme web page.

## Exclusions

The use of exclusion

A decision to exclude a child for a fixed period or permanently should be taken only:-

- In response to serious breaches of the school's behaviour policy
- If allowing the pupil to remain in school would seriously harm the education or welfare of the pupil or of others in school

## The decision to exclude

Only the Headteacher or someone designated as the acting Headteacher has the power to exclude a pupil from school. Exclusion should not be decided in the heat of the moment, unless there is immediate risk to the safety of others in the school or the pupil concerned.

## Length of the exclusion

Regulations under the Education Act 2002 allow Headteachers to exclude a pupil for one or more fixed periods not exceeding 45 school days in any one school year. However, individual exclusions should be for the shortest time necessary to secure the benefits of exclusion without adverse educational consequences. In all cases of more than a day's exclusion, Headteachers must arrange for work to be provided and marked. Parents should arrange for the work to be collected and returned and the school must ensure that further work is set until the pupil returns to school.

## Lunchtime exclusions

Some children's behaviour can be particularly difficult at lunchtime. Where this is the case it may be possible through discussion and agreement with the parent to arrange for the pupil to go home for lunch. If this is not feasible, provision exists to exclude the pupil for the duration of the lunchtime, placing the legal responsibility for the child back with the parent. Where lunchtime exclusion is used it should be a short-term measure only. If a child is in receipt of Free School Meals, arrangements should be made to provide a meal and this may mean a packed lunch.

## Permanent exclusion

Permanent exclusion is an extremely serious step. It is an acknowledgement by a school that it has exhausted all available strategies for dealing with the child and can no longer have the child in its community.

## Pupils with Additional Educational Needs/Additional Learning Needs (AEN / ALN)

Other than in the most exceptional circumstances, schools should avoid permanent exclusion for pupils with a statement of AEN. In most cases the Headteacher will be aware that the school, whether mainstream or special, is having difficulty managing a pupil's behaviour, well before the situation has reached the point that exclusion needs to be considered. Schools should try every practicable means to maintain placements, including liaison with the Local Authority and if necessary arranging a statutory review of the statement.

## Informing the 'relevant person' about the exclusion

Under the regulations which came into force in January 2004 the 'relevant person' means:-

- The parent, if the pupil was aged ten or below on the day before the beginning of the school year in which he/she was excluded
- Both the parent and the pupil, if the pupil is of compulsory school age and was aged eleven or above on the day before the beginning of the school year in which he/she was excluded
- The pupil if aged over compulsory school age (normally 16)

A Headteacher who excludes a pupil must ensure that the relevant person is notified immediately, ideally by telephone. The initial telephone notification must be followed up by a letter within one school day. Exclusion should normally begin on the next school day. Pupils subject to exclusion are not to be left unsupervised or sent from the premises. If the Headteacher decides to extend a fixed period exclusion or, exceptionally, to convert a fixed period exclusion into a permanent exclusion, he/she must arrange for work to be provided as soon a pupil is excluded for a fixed period.

## Appeals process

The Headteacher's exclusion letter should inform the relevant person of the procedures should they wish to make representation or appeal against the exclusion to the Discipline Committee of the Governing Body. Subsequently there is a right of appeal to an Independent Appeals Panel for permanent exclusions and again, the relevant person should be fully informed at the appropriate time. The relevant person as defined in regulations means:-

- The parent if the pupil was aged 10 or below on the day before the beginning of the school year in which he/she was excluded
- Both the parent and pupil if the pupil is of compulsory school age and was aged 11 or above on the day before the beginning of the school year in which he/she was excluded
- The pupil if aged over compulsory school age (normally 16)
- Therefore this gives all excluded pupils the right to be notified formally of their exclusion and enable them to appeal.

Where a child has been permanently excluded from two or more schools, his/her parents can still express a preference for a school place but the requirement to comply with that preference is removed for a period of two years from the date on which the latest exclusion took place.

# Education Welfare Service

## What do Education Welfare Officers do?

- Offer a free independent advice service to parents, children and young people in liaison with inclusion officers
- Work with Torfaen schools to support pupils and ensure that they are receiving a suitable education given their age, ability, aptitude and any special educational needs
- Work with the business community and others to advise and regulate on the employment of children

## How do Education Welfare Officers work?

- Schools can request the officer to make a home visit or to see a child in school
- Children can discuss problems with their Education Welfare Officer
- Parents can request an officer's help, advice or support
- Education Welfare Officers may also be responsible for legal action where parents fail to carry out their legal responsibility to ensure their child's regular attendance at school. (Education Act 1998)

## What is the role for Officers with responsibility for ALN (Additional Learning Needs)?

Inclusion Officers are linked to each school to provide support, advice, guidance to school and outside agencies on processes and procedures relating to ALN (Additional Learning Needs). They work with parents/carers and all agencies involved with young people to promote inclusion and ensure pupils individual needs are met irrespective of their individual backgrounds, circumstances or difficulties are able to derive the maximum benefit from their learning.

## Non attendance (fixed penalty notices) Legal Framework

The law empowers designated Local Authority (LA) Officers, head teachers, including their nominated deputies and the Police to issue Fixed Penalty Notices to the parents of children who have unauthorised absence from schools that fall within the South East Wales Consortium (SEWC) area.

## Issue of a Fixed Penalty Notice

- A Fixed Penalty Notice can only be issued in cases of unauthorised absence;
- Fixed Penalty Notices will be restricted to one notice per parent of a pupil in an academic year;
- In cases where there is more than one poorly-attending pupil in a family, notices may be issued for more than one child.
- There will be no restriction on the number of times a parent may receive a formal warning of a possible Fixed Penalty Notice

## Fixed Penalty Notices may be considered appropriate when:

- At least 10 sessions (5 school days) are lost due to unauthorised absence during the current academic year. These do not need to be consecutive;
- Unauthorised absences of at least 10 sessions (5 school days) due to holidays in term time or delayed return from extended holidays; or
- Persistent late arrival at school, i.e. after the register has closed, in the current term. “Persistent” means at least 10 sessions of late arrival;
- Truancy, where the child has come to the attention of the Police or public during school hours for being absent from school, without an acceptable reason.

## Responding to requests for the issuing of a Fixed Penalty Notices

Following the warning notice issued by the school or Police, parents have a period of 15 school days within which to respond. During this time, the pupil must have no unauthorised absence. This information can be included in the formal written warning letter, where one has been issued.

The EWS will respond to all requests from schools or Police within 10 school days of receipt of a request. When satisfied that all of the relevant criteria have been met the LA will then issue a fixed penalty notice.

## **Fixed Penalty Notices for unauthorised holidays**

Where the requested Fixed Penalty Notice is in response to a holiday related unauthorised absence, or is in relation to an offence under section 108 of the Education and Inspections Act 2006, the formal warning letter and 15 day improvement period will not apply.

## **Right of appeal**

There is no statutory right of appeal, but where a parent contests the issuing of a Fixed Penalty Notice, they can submit any complaints to the EWS and/or opt to face proceedings in the Magistrates' Court under section 444 of the Education Act 1998, where all of the issues relating to their Fixed Penalty Notice can be fully debated and heard.

## **Payment of Fixed Penalty Notices**

If the Fixed Penalty Notice is paid within 28 days, the penalty payable is £60, or £120 if within 42 days. Payments will not be accepted from parents after 42 days has elapsed and cannot be paid either by instalments.

## **Non-Payment of Fixed Penalty Notices**

Non-payment of a Fixed Penalty Notice will result in prosecution for the period covered by the Fixed Penalty Notice under Section 444 of the Education Act 1998.

Further information is available in the Local Code of Conduct - Education Fixed Penalty document. Website Link: <http://www.torfaen.gov.uk/en/EducationLearning/SchoolsColleges/AttendanceBehaviourWelfare/NonAttendance/Non-Attendance-FixedPenaltyNotices.aspx>

## Publication and Changes

This booklet relates to the admission arrangements for the school year 2019/2020 and although the information is correct at the time of going to print, the local authority reserves the right to make any adjustments where this is necessary to enable it to comply with changes in policy and/or legislation.

Information regarding individual schools, together with a copy of the school's prospectus, can be obtained from the Headteacher. The schools are listed in the Schools' Directory commencing on pages 89-98.

## Complaints

Regulations introduced under the Education Act 2002 requires the governing bodies of all maintained schools in Wales, including nursery schools, to establish procedures for dealing with complaints from parents, pupils, members of staff, governors, members of the local community and others.

### School Related Complaints

- If you have a school related complaint you need to contact the school directly so that it has an opportunity to resolve the issue.
- The statutory responsibility for responding to school related complaints lies with the school and governing body.
- Each Torfaen school has a complaint policy that complies with Welsh Government guidance and has three stages and is available from the school on request
- It is expected that the majority of complaints are dealt with at Stage A or B.
- Stage C escalates the complaint for consideration by the governing body's complaints committee. This is the final arbiter of school related complaints
- In all cases the school and governing body will ensure that complaints are dealt with in an unbiased, open and fair way.
- Concerns and complaints are taken very seriously & where mistakes have been made lessons will be learned from them.

For more information contact:- Education Achievement Service for South East Wales, Governor Support Service, Tel: 01633 415474.

## Education Service Complaints

If you are approaching the Education Service for a service for the first time, (e.g. requesting an appointment etc) then the complaints policy does not apply. You should first give us a chance to respond to your request. If you make a request for an Education service and are not happy with our response, you will be able to make your concern known through the complaints process. There are two stages, stage one being an informal resolution within 10 working days and stage 2 a formal investigation within 20 working days. If you remain dissatisfied you have the option of escalating your complaint to the Public Services Ombudsman for Wales.

## School Prospectus

Governing bodies of maintained schools must publish a school prospectus for parents and prospective parents. Copies of a school prospectus are available from the schools listed in the School's Directory commencing pages 89-98.

## Charging and Remissions Policy

Information regarding a school's charging and remissions policy can be obtained from the Headteacher of the school concerned at the addresses listed in the Schools' Directory, commencing on pages 89-98.

# School Inspections

Estyn is the office of Her Majesty's Chief Inspector of Education and Training in Wales. Estyn carry out inspections of non maintained educational providers, maintained nursery, primary and secondary schools under Section 10 of the School Inspections Act 1996.

All schools are inspected at least once every six years. These inspections cover all aspects of a school's provision, apart from denominational education and the content of collective worship in those voluntary schools specified in Section 23 of the Act. The function of an inspection is to report on:

- The educational standards achieved in the school
- The quality of education provided by the school
- The quality of leadership in and management of the school, including whether the financial resources made available to the school are managed efficiently and
- The spiritual, moral, social and cultural development of pupils at the school
- If you require a copy of a school's inspection report, these are available directly from the individual schools or available to download from the School Directory area of the website.

Further information regarding school inspections is available from the Estyn website: [www.estyn.co.uk](http://www.estyn.co.uk)

## Torfaen Pupil Referral Unit

The Pupil Referral Unit is maintained by the Local Authority and provides education provision outside the mainstream school setting for pupils who might not otherwise receive a suitable and appropriate education.

Torfaen PRU provides education for pupils with emotional and behavioural difficulties and for those who require education otherwise than at school (EOTAS). The provision includes: a main site, Ty Glyn which caters for pupils at key stage 3 and 4, and New Inn, which caters for pupils who are anxious, or school refusers.

Pupils with a range of needs can be referred to a PRU. These include:

- pupils excluded from school on a permanent or fixed-term basis
- pregnant schoolgirls and school-age mothers
- anxious and vulnerable pupils
- pupils unable to attend school for medical reasons and require alternative tuition
- any pupils moving into the local authority who have attended similar provision.

The PRU provides support and advice to schools on an outreach basis where pupils remain in their schools. They also offer short term placements for pupils at one of the bases. All pupils remain on their school roll whilst attending the PRU. All placements and Outreach support are agreed via the local authority panel and monitored closely. Pupil progress is reviewed with partners and the pupils themselves on a half termly basis. These map pupil progress and plan a return to their school or consider the best future options for the young person.

In addition to PRU placements and Outreach support, individual tuition can be provided off-site when this is deemed appropriate for meeting specific pupils' needs.

The PRU works closely and in partnership with all Torfaen primary and secondary schools. It is able to offer, when appropriate to the needs of the learner, a five day (25hrs) provision and aims to provide a balanced curriculum. Pupils' individual programmes focus on promoting personal understanding and developing skills in behaviour management. All pupils study Mathematics, English, Science, information and communication technology (ICT), art, geography, history, physical education, PSHE and food technology.

All pupils are given the opportunity to follow GCSE courses in English & Maths, BTEC Science courses and Key and Essential skills qualifications.

The PRU is supported by Educational Psychology Service, Education Welfare service and Inclusion Officers. Pupils are required to attend the PRU in exactly the same way as required in mainstream schools. The Education Welfare officer works closely with the PRU in monitoring, recording attendance and supporting pupils and their families.

# School and College Transport (other than for ALN)

General criteria for provision of free transport:

- Free transport is generally restricted to pupils who attend their catchment area schools and who live the necessary distance from the school
- Distances are measured by the shortest walking route using a Digital Information Mapping System between home and school. The distance is measured from the point where the child's home meets the highway to the nearest available entrance of the school.
- Free transport will be available for Primary aged children who live more than 2 miles from the catchment school and Secondary aged children who live more than 3 miles from the catchment school. Post 16 learners will also be able to access home to school/college transport if they reside more than 3 miles from the relevant educational establishment.
- Where the Authority is unable to offer a child a place in their catchment area school, free transport will be provided to the **nearest school** (not choice of school) with an available place in accordance with distance criteria mentioned above
- Free transport would also be provided if the relevant school to be attended was the **nearest school** (not choice of school) in accordance with distance criteria mentioned above.
- Safe Walking Routes - Free transport may also be provided where the Authority is satisfied that the route between home and school is sufficiently dangerous to warrant such provision, even though the distance is under those quoted above. As part of its assessment the Authority would have regard to whether or not the degree of danger involved is such that escorting parents themselves are at risk from the particular traffic situation.

Further details on the Authority's criteria for assessing safe walking routes to schools can be obtained by contacting 01495 766919 / 766918.

With regards to **voluntary aided schools**, free transport is available to the nearest church school in accordance with the distance criteria mentioned above and in accordance with the criteria that a child's parents and or their child adheres to the denominational faith of the school in question.

For example when attending a Roman Catholic school a parent and or their child must be baptised in the catholic faith and where possible a practising roman catholic. The Integrated Transport Unit will consult with individual VA schools to confirm the admission criteria under which a pupil was admitted in order to confirm entitlement. The Authority reserves the right, however, to require documentary evidence to be submitted by parents in order to determine entitlement.

With regard to **Welsh Medium schools** pupils will be provided with transport to the nearest Welsh Medium school (not choice of school) in accordance with the Authority's transport policy as previously referred to.

**Spare Seats** - Pupils may be allowed to occupy spare seats on school buses as a temporary concession even though they do not satisfy the criteria referred to above. No charges are currently imposed by the Authority for providing transport in such cases. **Concessions may have to be withdrawn at short notice.**

**Moving Home** - Pupils attending secondary school who move home to an address outside the catchment area of the school attended will not normally continue to be provided with free transport to that school if the move takes place during Years 7,8 or 9 of education at that school even if the distance criteria mentioned above are met. Applications for pupils moving home in Years 10 or 11 will be considered only if transport can be provided by using existing services.

**Transport for secondary age pupils** - Is primarily provided through the issue of season tickets for pupils to utilise local bus services (legal standing capacity may be utilised).

**Transport for primary age pupils** - Is normally in a form of contracted vehicles. It may not be possible to arrange the routes of vehicles to pass close to the homes of all pupils and therefore it will be necessary for parents to make arrangements for them to reach the nearest 'pick-up' point of the vehicle. Every effort is made however to keep this distance as short as possible and it should not exceed 1 mile under normal circumstances.

**Behaviour on Buses** - Pupils whose behaviour during the journey to and from school is not of an acceptable standard may have the agreed travelling arrangements withdrawn.

**Post 16 travel** - Parents should be aware that there is no legal requirement to provide transport for post 16 pupils/students. However free transport will be provided if a student lives more than 3 miles from the college campus or catchment school to be attended if their parents/carers (or students themselves) are in receipt of Income Support/Income Based Jobseekers Allowance or who qualify under regulations governing Child Tax Credit. Those 16-18 students who live the required distance but whose parents (or themselves) are not in receipt of the above benefits will be provided with an annual grant of £146 (subject to review for September 2019) towards the cost of transport.

Students with Additional Learning Needs requiring specialist transport may also receive free transport in the form of contracted transport subject to assessment.

For further information on entitlement can be obtained by contacting 01495 766918/766919.

## Child employment

Torfaen County Borough Council Byelaws on the Employment of Children regulate the types of occupation and the number of hours for which children under school leaving age may be employed. Employers are obliged to notify Local Authorities of their child employees (Byelaws 9). The role of Education Welfare Officers is to monitor the employment of children to ensure that they are safely and legally employed and that their employment is not having an adverse effect on their health and education. Details of the hours that children are able to work both during term dates and school holidays are available from the Education Welfare Officers. For further information on child employment or support regarding school attendance, please contact your child's school or telephone: Vicky Cambridge, Senior Education Welfare Officer, telephone:- 01495 766965.

Holidays During Term Time Holidays in term time are only authorised if an application is made to the Head Teacher as parents do not have automatic right to withdraw pupils from school for a holiday during term time.

## Public examinations

Public examinations are those that are available to students who follow programmes of study from external awarding bodies such as WJEC, EDEXCEL, OCR and AQA. Schools organise and administer examination entries for pupils and parents are provided with either a paper or electronic copy of their child's timetable to assist in the organisation of revision and ensure pupils attend at the correct time.

Parents should contact their child's school in relation to its policy on examination resits (and cost) should the need arise.

# Student Finance

The Student Loans Company has been appointed by the Welsh Government to deliver student finance arrangements in Wales.
